

DO YOU HAVE DRY EYE?

CLINICAL RESEARCH OPPORTUNITY

You are invited to participate in this study of novel eye drops for dry eye disease if you are 18 years old or older, have had symptoms of dry eye for at least 6 months and are not currently using Restasis, Xiidra, or other prescription eye drops for dry eye.

The study is being conducted by Dr. Eugene Protzko at Seidenberg Protzko Eye Associates located in Havre de Grace, MD.

Dr. Protzko will examine you to see if you are qualified to take part in the study. If eligible, you will receive compensation for your time based on each visit you complete.

If eligible, there will be 7 scheduled visits in 4 months or 10 scheduled visits around 1 year.

For information, or if you are interested in participating in the study, please contact the study coordinator
